

kaspersky

Activate Kaspersky Who Calls in just a few moments

How to activate:

- 1 Visit my.kaspersky.com or scan QR code with your mobile camera
- 2 Create account – or sign in
- 3 Add the activation code from the card you received
- 4 If you're already using the free version of Kaspersky Who Calls, your app will update automatically
- 5 If you do not have Kaspersky Who Calls installed, we'll take you straight to the mobile store – where the app will automatically download and launch

Alternatively, you can enter the code in the app if you have it already.

Note!

License may start also when you add your activation code in My Kaspersky or when you activate it via app. Code must be used before 2028.

To see how many devices you can protect, check the front of the packaging.

Frequently Asked Questions

Question

Answer

How many devices can I install Kaspersky Who Calls on?

You can install it on one device only.

How do I transfer Kaspersky Who Calls to a new device?

The solution you've purchased works on one device only. If you need it for more than one device, please purchase the appropriate number of licenses.

Why do I need My Kaspersky?

My Kaspersky is your single point of access to view and update all your Kaspersky subscription details, download apps on devices linked to your subscriptions, manage security, and lots more.
